AEGIPTA

Tortero & Re armour plated doors come in a wide range of finishes and panels, to mirror every possible shade of style and taste, and let anybody enjoy a personal and exclusive choice. They can be classic or modern, with the traditional warmth of wood - Tanganyika walnut, mahogany, oak or Italian walnut - or the chromatic freedom of lacquer. This is just a small selection from the vast range of panels with whom Tortero & Re adorns security with beauty.
